

Intelligent Solutions

Omega-3 food systems from your Innovation Partner

Reinach/Switzerland, May 2011 – Frutarom launches convenient functional fruit preparations for Omega-3 yogurt drink.

Two companies with decades of know-how - Frutarom Switzerland Ltd. in terms of fruit preparations and Tine EPADHA (www.epadha.com) with its long-time development and research in Omega-3 oils - have committed themselves to a close cooperation with the aim to offer new convincing product concepts.

As a result, we were able to develop delicious functional yogurt drinks covering one third of the daily need of EPA DHA in just one small portion of yogurt drink.

Activity proven products; taste excellence & well-being are rounding up our offer with a bouquet of advantages

- No off-taste
- Minimized **oxidation** risk
- Minimized **contamination** risk
- **Convenient** handling and production

Fully inline with Frutarom's vision: "to be the preferred partner for tasty & healthy success"
